### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The claims define an apparatus and a method for delivering food product to a horizontal cutting means that has at least two fluid jets disposed at an angle which force the product against one side of a passage and against spline guide means disposed parallel to the passage. Kawakami (JP 63222038 A) teaches an apparatus that has a gas jet that forces a product to one side of a passage, but does not teach water jets, splines, and does not teach a horizontal cutting means. Bittner (4,683,790) teaches an apparatus for delivering food product to a horizontal cutting means, but does not teach fluid jets, and does not teach splines. It would not have been obvious to use the references in combination with other prior art teachings to meet the claim limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Isaac Hamilton whose telephone number is 571-272-4509. The examiner can normally be reached on Monday through Friday between 8am and 5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allan N. Shoap can be reached on 571-272-4514. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
